Introducing the Hope Builders Monthly Giving Program for My Brother's House

Small Monthly Gifts. Lasting Impact.

Every day, lives are changing because people like you choose to care.

When someone arrives at our door seeking help, they are often facing one of the most difficult seasons of their life. They may need safety, guidance, support, or simply someone who believes that change is possible. Thanks to generous supporters, we can provide that hope.

But the needs we serve do not happen once a year. They happen every day.

That is why we are excited to introduce the Hope Builders Monthly Giving Program, a community of dedicated supporters who provide consistent, dependable resources that help sustain our mission throughout the year.

Monthly giving is one of the most effective ways to make a lasting difference. Rather than making a single annual donation, Hope Builders commit to supporting our work each month with a recurring gift that fits comfortably within their budget. These gifts may seem small individually, but together they create a strong foundation that lets us plan ahead, respond quickly, and keep serving those who need us most.

Imagine what can happen when help is always available.

A gift of just \$10 per month can provide essential supplies. \$25 per month can help support ongoing programs and services. \$50 per month can help sustain life-changing assistance and outreach efforts. Every recurring gift strengthens our ability to provide hope and support when it is needed most.

Just as importantly, monthly donors become part of something bigger than a financial contribution. They become partners in the mission. They join a community of individuals who believe lasting change happens through consistent care, encouragement, and commitment.

As a Hope Builder, you will receive updates showing the impact of your generosity and the lives being transformed through your support. You'll see firsthand how small monthly gifts combine to create meaningful, measurable change.

Introducing the Hope Builders Monthly Giving Program for My Brother's House (Cont.)

As we look toward the future, our goal is simple: build a reliable community of monthly supporters who will help ensure that our mission remains strong for years to come. With a predictable funding source, we can spend less time worrying about resources and more time focusing on the people we serve.

We invite you to prayerfully and thoughtfully consider becoming a Hope Builder. Together, we can provide hope every month, every day, and whenever it is needed most.

Join the Hope Builders Monthly Giving Program today and help create lasting impact year-round.

Small monthly gifts. Big impact. Endless hope.

Become a Hope Builder

\$10/month – Community Friend

\$25/month – Hope Partner

\$50/month – Change Maker

\$100/month – Leadership Circle

DIRECTORS' POINT OF VIEW

Greetings, My Brother's House family,

As the summer of 2026 comes to a close, my heart is filled with gratitude for all God has allowed us to accomplish at My Brother's House. Through His grace and your generous support, all of the new windows have been installed, the damaged ductwork has been replaced, new insulation has been blown into the attic, and the house is now more comfortable and energy efficient. These improvements are a powerful reminder that, with faith and a willing community, restoration is possible. They also affirm that our community believes in the God-given worth and potential of every man who calls this house home.

The Adopt a Room project is also well underway, with six rooms completed. These renewed spaces offer greater comfort and dignity to men who are rebuilding their lives. Each room stands as a testimony to what God can do when people come together in faith, compassion, and hope to help restore what has been broken.

Just as the community has faithfully invested in My Brother's House, our men are committed to giving back through community service. By serving others, they learn to walk in responsibility, gratitude, humility, and teamwork while building meaningful connections. Their work is more than a helping hand; it is an important part of recovery and a living reminder that God can redeem a life and use it to bring strength, hope, and blessing to an entire community.

We remain deeply thankful for the original vision God placed in the hearts of Pete and Terry, and for the alumni who continue to return, encourage others, and bear witness to the hope of recovery. At our September Sobriety Celebration, 19 alumni were present, representing more than 153 years of accumulated sobriety. What a powerful testimony to God's faithfulness and to the courage found in taking life one day at a time. We are grateful for every supporter who helps make recovery possible. Their example reminds each new resident that his life is not over, he is not forgotten, and, with God's help, lasting change can begin today.

Thank you for your faithful support, your prayers, and your continued love for My Brother's House. Through your kindness, God is renewing this home, strengthening the work of recovery, and helping our men grow into responsible neighbors and servants of others. Together, by His grace, we are planting seeds of hope, restoring lives, and making a lasting difference.

MAKING A DIFFERENCE—ONE EVENT AT A TIME

Building Community, Sustaining the House

Thank you for helping My Brother's House build hope, stability, and brighter futures. Your support makes a lasting difference.
